- ❖ Fabrica provides comprehensive capabilities and high industry knowledge to help you solve your organization's most complex problems. Since we opened our doors in 1995, we are proud to say that we have been working with greater enthusiasm and desire to produce every year.
- ❖ We focus on providing quality and affordable prices from start to finish while creating new ideas, developing effective strategies, and designing high-quality, scalable solutions.

- ❖ We understand the changing needs, we research, develop and innovate to provide the best product and the highest quality to the world of coffee. We develop strategies using smart tools and global resources to understand the impact of each option our customers can make.
- ❖ We want to make our customers proud of the coffee they roast using our machines. We aim to make our machines offer you the real taste and aroma of coffee.

✓ FABEco

We consume less energy with our FABEco system. We save energy and allow you to roast at a lower cost.

✓ ROAST & COOL

Roast and cool at the same time, increasing the total production capacity.

✓ THE DOUBLE-WALLED DRUM

Made of high quality steel and flame protected. It distributes heat evenly.

✓ PROTECT THE NATURE

Efficiency is very important to us. We support sustainable coffee production. We provide roasting process at the lowest cost.

✓ HIGHEST QUALITY

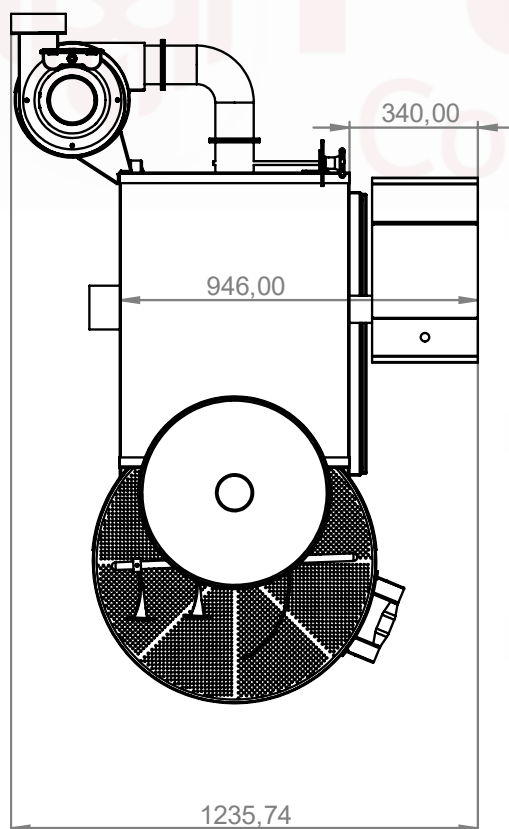

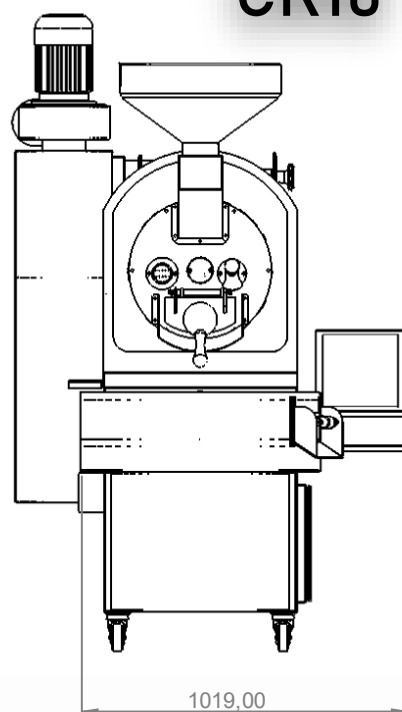

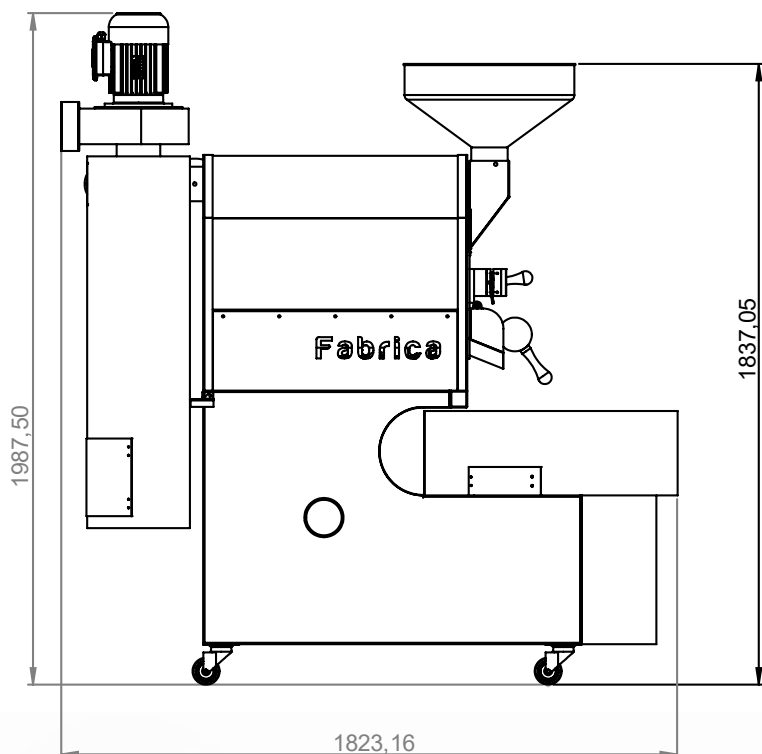

Quality here is not just a word. We focus on quality at every stage of production. We produce long-lasting reliable coffee roasters using the highest quality steel, gas and electrical equipment to deliver great flavors.

✓ SUPPORT AND SERVICE

Since 1995 we have been meeting the wishes and demands of our customers with the goal of superior satisfaction. We continue to support you with on-site service and technical support whenever you need it.

LION CR10

✓ MAXIMUM EFFICIENCY AND SAVINGS

We offer maximum efficiency and savings at the optimum scale.

✓ ROAST FOR AMAZING FLAVORS

Every part of our machine has been thought in detail to get the best taste.

✓ MASTERY

Each of our coffee roasters is produced with high experience, industry knowledge and innovation.

✓ SPECIAL FOR YOU

We allow you to set your own standards. We listen to you, decide your needs together and offer you high quality coffee roasters at the most affordable price.

✓ A BEAN

Details are very important for us. We examine every stage of production to the smallest detail and pay great attention to a bean.

Fabrica

Coffee Roasters

OUR BIG IDEA

Let's roast the great flavors with our exclusive, first-class, maximum efficient and environmentally friendly coffee roasting machines.

Our mission is to protect the environment and support sustainable coffee production and consumption while offering the highest quality at affordable prices.
